

**RoHS / REACH / Prop 65 / CPSIA / GB6675 Compliant Warranty(Electronic parts)**

To suppliers :

In order to comply with international environmental protection laws and regulations, we will continue to promote the control of environmentally hazardous substances during the product development, design or process mass production stages to avoid the impact of hazardous substances and ensure that the products provided meet the needs. We hereby require our partners to work together.

We hereby guarantee that the delivery of TEKTRON products including any components, semi-finished products, finished products, raw materials and packaging materials must comply with the current EU RoHS, REACH, Prop 65, GB6675 specifications (for specific requirements, please refer to the attached information)

RoHS

The European Union published the RoHS Directive 2002/95/EC in 2002 and began to restrict the content of hazardous substances in waste electrical and electronic products, and in 2011 published 2011/65/EU as a revised version of the RoHS directive.

On June 24, 2015, the European Union Amendment Directive (EU) 2015/863 was formally implemented, and 4 phthalate esters (DEHP/BBP/DBP/DIBP) is also included in the control items

REACH

The European Chemical Agency (ECHA) announced on JUN 27, 2024 that a new substance of very high concern (SVHCs) was added

Currently, the authorized candidate list of substances of high concern has included 241 chemical substances.
